- This is my first conference as a student officer.

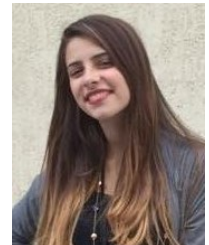

Olga Panagiotopoulou

- After a heated debate, tough negotiations and tons of amendments in the ECOSOC Committee, the chairs initiated the voting procedure. All the delegates voted in favour of the proposed resolution, except for the delegate of Nigeria, who had asked to vote last. When, finally, it was his turn -dramatic pause- he voted against. After that, he was awarded as the person most likely to declare World War III.
- Advice to the delegates: Don't hesitate to raise your placards and stand for your country's rights.

Interview with Aspasia Kontogianni, Head of the English Department of Arsakeia Schools & ATS MUN Director

How did the idea of the ATSMUN come up?

When I first introduced the program in the schools of Patras it was very warmly received. Panagiotis Baklesis came up with the idea and here we are!

What does the MUN conference offer to the students?

I will shortlist the benefits: international awareness, linguistic competence, personality moulding.

How much time did the preparation take and what was the hardest part of organising the ATS MUN?

It took at about 2-4 months. The hardest was drawing up endless lists of names, committees, and delegates.

How many people were involved in it?

Many and I wholeheartedly thank them all. In particular, I would like to thank the headmasters of the three schools, Mrs Eleftheriadi and Mrs. Kafousia and the rest of the colleagues who helped ,the organizing team, the secretariat, our technicians, the musicians who performed in the opening

ceremony, the admin staff and last but not least the press team with the teachers responsible. You do a great job I am really impressed!

What do you anticipate regarding the outcome of the conference?

I really enjoyed the journey; the outcome is of minor importance.

Which do you think is the most interesting part of the ATS MUN, and what makes it stand out from the others?

The passion, enthusiasm and drive of all those involved... It's unbelievable!

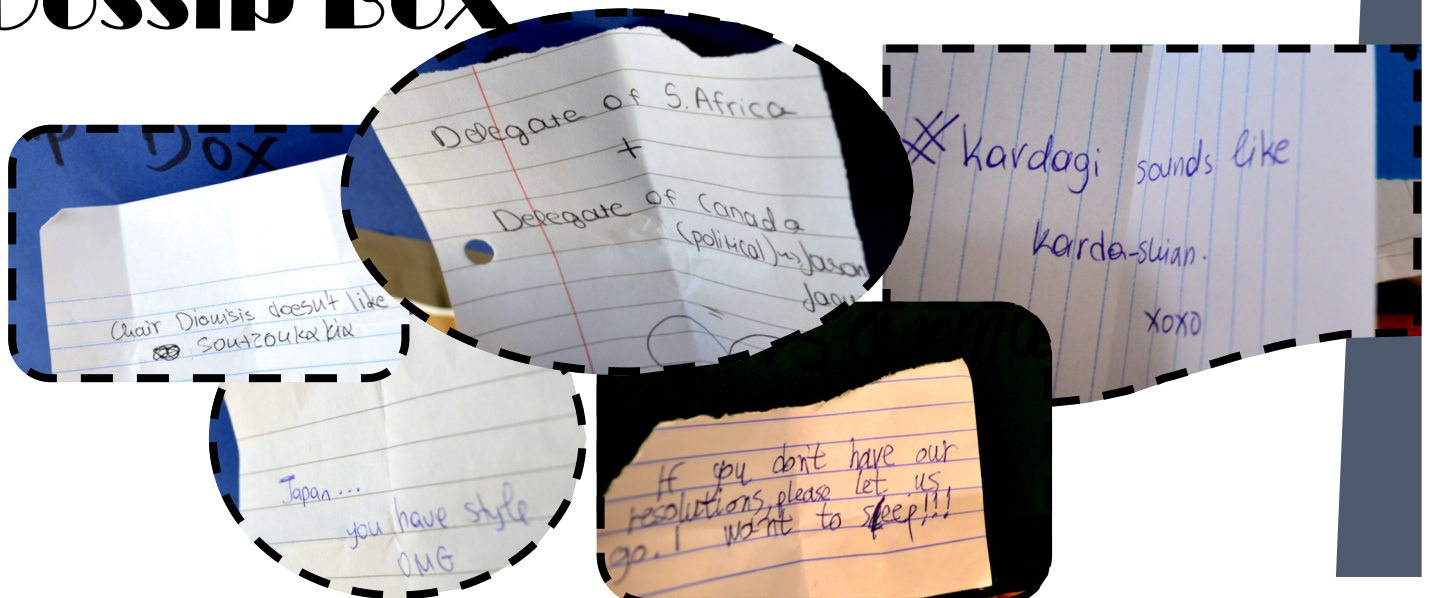

Last but not least, there was a comment in an online newspaper that said kids had better play football, rather than participating in MUN. What is your reaction to that?

I don't see why they can't do both; they are not mutually exclusive.

Thank for all the work you put up in keeping us informed everyday!
